

# MATH 3424 Tutorial

Regression Analysis

# Basic info

- Name: SHEN Xinwei (Vivian)
- Email: [xshenal@connect.ust.hk](mailto:xshenal@connect.ust.hk)
- Tutorial arrangement: review + exercises
- Any questions/suggestions please feel free to contact me via email.

# Introduction to R

- R is a (programming language) and free software environment for statistical computing and graphics.
- Official web: <https://www.r-project.org>
- IDE: Rstudio (<https://rstudio.com>)

- Suggestions on R:
  - Practice more.
  - Whenever you have any problems or you forget something, google it.  
Most problems can be solved.
